GRACE BRETHREN CHRISTIAN SCHOOL HOME SCHOOL UMBRELLA PROGRAM

The state of Maryland recognizes the Oversight Program at Grace Brethren Christian School as a Home School Umbrella Program. Our primary responsibility is to ensure that home school parents are providing “regular, thorough instruction during the school year in the studies usually taught in the public schools to children of the same age...” to their children. We offer two portfolio reviews.

For a fee, students may take courses on campus, and participate in after-school activities (\$75 per sport or activity), such as sports and drama productions, all on a space-available basis.

We believe that parents want their children to have the best possible education, and that parents involved in homeschooling are no exception. Parents enrolling their children under the Grace Brethren Christian School Home School Umbrella Program must keep a portfolio of their child’s work, and meet with their advisor as scheduled to cover objectives and review their child’s work.

For each child, parents must maintain a portfolio that demonstrates regular and thorough instruction in the subjects usually taught at that grade level. Portfolios should contain samples of the student’s work from each subject, test results and evaluations.

- Complete the Assurance of Consent form and return it to Grace Brethren Christian School along with this application. This form can be obtained from the Robert D. Stethem Educational Center at 301-932-1003. This form is your protection against truancy charges.
- Parents choose their own curriculum and teaching methods that work with their children.
- One parent/guardian must be available at home to supervise the home school program and the progress of the child.
- Parents must consistently meet educational objectives, including submitting portfolios and grades, in order to continue in the program. A portfolio must be kept for each student that demonstrates regular, thorough instruction in the subjects usually taught at that grade level. Portfolios should contain samples of the student’s work from each subject, test results, and evaluations and should be updated monthly. This portfolio is required by law; it is the parent’s proof of compliance with the law and it is helpful to the parent and student to see gradual progress.
- In January, parents schedule a portfolio meeting with their advisor. They should bring a portfolio for each child, documenting the progress that child has made so far.
- In May, parents schedule an end-of-the-year portfolio review with their advisor.
- Maryland High School students are required to complete service hours in order to graduate. Please check with your Board of Education as to the home school criteria regarding service hours.

Non-compliance with the requirements will result in a written warning. A probationary period of 30 days will follow the warning, at the end of which the parent will be required to meet with the academic advisor to show that instruction is meeting the state requirements.

Because your child is a minor, we are required to obtain your permission to use any pictures of your child on the website or in advertising.

Please complete the form below. If you have any questions or concerns, please call the school office. Thank you for your help.
