

Our new **RenWeb School Management Software** gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

RenWeb ParentsWeb is a private and secure website that has been set up for our school to allow you to see complete information specific to your child. You can view your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- Go to Internet Explorer and type in the address of our school website at www.graceknights.org.
- Click on "ParentsWeb Login" found (*provide instructions on where you placed the link on your website*).
- Log in as follows:
 1. Click on the "First-time Users" tab if you have not logged into RenWeb before.
 2. Type in your email address that you provided to the school.
 3. Click on the New Parent Login button. You will be emailed a new password within 3 minutes (to the email address you typed in, which must be the same email address that you provided to the school).
 4. Type in the Password assigned.
 5. If you want to avoid re-keying your email address each time you log in, tell the system to remember your email address so need only enter your password to log into the ParentsWeb in the future.
 6. Click on the Parent Login button.
- To access grades, click "Classrooms." This will bring up all classes in which your child is enrolled at the school.
- Click on "Homework Summary" or "Gradebook Summary" at the top of the column for each child.
- You can access other school information regarding your child on this site, as well as email the teachers directly!

Please call us if you have any problems or questions.

We look forward to your participation. Together, we can continue to improve our children's academic development as well as communication at school and at home.
