Release: It is understood that the school has no fund to meet the bill resulting from necessary care for pupils in emergencies. It is important the parent be aware of his/her responsibility for any charges incurred. The school does, however, maintain supplemental accident insurance coverage for students participating in school activities, both on and off campus. Claims are to be made with the parents' insurance company first and then directly with the company that provides the supplemental insurance. Parents should contact the school office for information on how to file a claim. In case of emergency, the staff of Grace Christian Academy has my permission to take my child to the nearest hospital. I also understand that my child's photo may be used for GCA promotional materials. As the parent/guardian of the above referenced child, I do hereby release & hold harmless any of the coaches/helpers for any and all liability associated with the operations of the GCA sports clinic and my child's participation therein.
