LESSON REGISTRATION FORM 2026-2027

Effective August 2026

GCA offers private piano lessons that are billed monthly through the business office. Lessons begin when they are scheduled by the instructor (usually Sept. 1) and are expected to run through the academic year. The cost for lessons is prorated for the academic year and is a per lesson cost, guaranteeing students 30 lessons per year. Two recital opportunities are provided and are counted toward the lesson total. Lessons are given during school hours or after school as the instructor's schedule permits. 30-minute lessons are standard. Students will need to commit to practice time at home (like homework) and must have an instrument on which to practice. The instructor is happy to offer information about an appropriate instrument and the best places to purchase one.

The lesson schedule is based on 30 lessons for the school year, as stated above. Lessons are billed in nine equal installments, with the first being attached to this form. The total cost for lessons is 140.00 per month payable in nine installments of \$140.00. The first payment is due with this registration form, either in the form of a check or credit card. The remaining payments will be made through FACTS. (If paid by credit card, a processing fee will be added).

The school administration implementing these policies reserves the option to review them considering relevant circumstances as it deems appropriate.

We have read and understand the policies of the Grace Christian School of Music both on this document and on the School of Music Studio Policies handout available at the main office or at www.graceknights.org We agree to support these policies, and we will work with the staff of the School of Music in the best interest of our child by encouraging consistent practice daily. It is my understanding that lack of consistency in practice and/or preparedness may result in dismissal from the School of Music Program.

I understand that student absence for a lesson when not implemented by the school or instructor will be counted as a lesson on the part GCA. Student illness will be excused only if the instructor receives communication directly from the parent regarding this absence. Lack of communication in this regard will not be counted as an excused absence.
