

Dear Parents, Students and Staff,

We are happy to announce our partnership with and nationally renowned software provider, Hotlunch.com to implement our online lunch order administration. The menu is now available on our new software allowing you to sign up and order lunches.

Please log in at <https://applespicelp.ahotlunch.com/login> and sign up for an account so you can order lunch for your children throughout the upcoming school year. After you activate your account, you will need a school code to add your children. **Your school code for the new software is Grace 1**

You may begin ordering lunches now for the school year. You may order lunches for the entire month or week at a time. There is even an option to order lunch the day before in case you have an emergency and need to order last minute.

If you need help or assistance in signing up for your account, please email Brittany Amaker (bamaker@applespice.com) or call 301-934-0034 and ask to speak to the manager.

If you have any questions regarding credits, cancellations, changes please call 301-934-0034 or email Brittany as well. We understand how hectic a morning can be when you have a sick child but we do ask to please let us know as soon as possible. We attempt to not have excessive waste and this way Brittany can credit your account as soon as possible.

Parents may begin ordering 8/1/23 and deliveries will begin on 8/23/23.

Many of you have credits from last school year and they should reflect in your account and may be used to purchase meals for this school year.

Payment Information- Payment is accepted by Credit or Debit using Visa, Mastercard or American Express.

We really look forward to a great school year. We appreciate the opportunity and will do everything we can to ensure an easy-to-use order system and enjoyable lunches for your children. If there is anything I can do to help make your experience better, please reach out to me.
