GRACE CHRISTIAN ACADEMY *of* MARYLAND

HOME SCHOOL UMBRELLA PROGRAM

The State of Maryland recognizes the Oversight Program at Grace Christian Academy as a Home School Umbrella Program. Our primary responsibility is to ensure that home school parents are providing “regular, thorough instruction during the school year in the studies usually taught in the public schools to children of the same age” to their children. We offer two portfolio reviews.

For a fee, students may take courses on campus, and participate in after-school activities (\$100 per sport or activity), such as sports and drama productions, all on a space-available basis.

We believe that parents want their children to have the best possible education, and that parents involved in homeschooling are no exception. Parents enrolling their children under the Grace Christian Academy Home School Umbrella Program must keep a portfolio of their child’s work, and meet with their advisor as scheduled to cover objectives and review their child’s work.

For each child, parents must maintain a portfolio that demonstrates regular and thorough instruction in the subjects usually taught at that grade level. Portfolios should contain samples of the student’s work from each subject, test results and evaluations.

- Complete the Homeschool Notification Form for your county and give a copy of the completed form to Grace Christian Academy along with this application. This form is your protection against truancy charges.
- Parents choose their own curriculum and teaching methods that work with their children.
- One parent/guardian must be available at home to supervise the home school program and the progress of the child.
- Parents must consistently meet educational objectives, including submitting portfolios and grades, in order to continue in the program. A portfolio must be kept for each student that demonstrates regular, thorough instruction in the subjects usually taught at that grade level. Portfolios should contain samples of the student’s work from each subject, test results, and evaluations and should be updated monthly. This portfolio is required by law; it is the parent’s proof of compliance with the law and it is helpful to the parent and student to see gradual progress.
- In January, parents schedule a portfolio meeting with their advisor. They should bring a portfolio for each child, documenting the progress that child has made so far.
- In May, parents schedule an end-of-the-year portfolio review with their advisor.
- Maryland High School students are required to complete service hours in order to graduate. Please check with your Board of Education as to the home school criteria regarding service hours.

Non-compliance with the requirements will result in a written warning. A probationary period of 30 days will follow the warning, at the end of which the parent will be required to meet with the academic advisor to show that instruction is meeting the state requirements.

RESPONSIBILITY OF HOMESCHOOL COORDINATOR

1. After the initial review of your application and curriculum plan, you will be notified of acceptance into our Homeschool Program by the Coordinator.
2. You will be contacted by the Coordinator to schedule your mid-term and end of the year oversight appointments.
3. At the end-of-year meeting, the Coordinator will review the student's portfolio and certify the completion of the curriculum. The Coordinator will provide and discuss your student's test standardized test results. For in-depth explanation of interpreting the test results, you may contact our STEP Director/Testing supervisor.

PROVISIONS FOR THE STUDENT

1. At this time, only middle and high school courses are available on the GCA campus and they include electives on a space available basis. Home school students must wear the proper school uniform when attending classes.
2. Students may participate in any sports that have openings on the team. In order to try out for any sport, a Sports Physical Form signed by a doctor and completed Athletic Participation Form must be on file with the school office. These documents are required each year the student participates in the athletic program.
3. Students may participate in drama and musical productions that have openings available.
4. Middle school students may attend educational related field trips ONLY if they are registered and enrolled in the class that is going on the field trip. Field trip fees are charged in addition to other fees paid. Home school students must wear the proper school uniform on field trips if required or follow the GCA dress guidelines if non-uniform clothing is appropriate for the trip. The academy administrator will need to meet with the student prior to attending the trip to review school rules and policies.
